

SOCIAL SKILLS

VOCABULARY

EXPECTED – UNEXPECTED BEHAVIORS

Every environment has a set of unwritten rules that people expect to be followed such as taking turns, respecting personal space, etc. When people follow these rules, some of which are not always explained, the student is said to be doing “what is expected”. Students who do not follow the rules are doing what is unexpected and people may have “weird” thoughts about them.

School Value: Respect. Responsibility. Initiative.
